

HOME LEARNING MENU -Week of March 30th

Choose 3 activities to do at home this week!

Draw invisible pictures with white crayons on white paper. Carefully paint the paper to reveal the picture.	Make paper airplanes with a family member. Race them and then measure to see which one went the farthest.	Make different landforms out of play dough and anything from home. Ask a family member to guess which landform it is.	Make a card for a family member that does not live with you. Write a letter to go with it and mail it to them.
Make a travel brochure or google Slideshow about a place you would like to visit. Do research on the library website under resources about your place and what to do there.	Read a book that has a movie version. Then watch the movie and make a list about how the book and movie are the same or different.	Go to the Scholastic Magazine link on the 3rd grade learning resources tab on the district website and do a lesson! Or do the whole week!	Plan a movie day! Do 3 of the movie day menu activities when the movie is over! See the movie menu on the 3rd Learning Resources tab in the District website.
Write a story and illustrate it to make a book. Give your book a title.	Spend at least 20 minutes doing a lesson on Dreambox.	Use the link provided on the 3rd grade learning resources on the district website to do a Mystery Science lesson!	Do 3 of the activities on the Movie Math Page. It is with the Movie Day Menu.
